## COMPANY CAPABILITIES:

Dimensional Concepts (DCL) is a professional services and technology solutions provider to government and commercial organizations. We specialize in Business Intelligence (BI), Database Management, Data Analytics and Management Support Services. We have a proven record of delivering on time, adding value to the organizations' decision support process, and always flexible to the customers' needs.

## OUR MISSION:

To be the premiere solutions provider empowering our customers with actionable knowledge to achieve their organizational goals.

## OUR CORE VALUES:

- ◆ We conduct business with strong emphasis on professionalism and mutual respect in a spirit of teamwork and common purpose
- ◆ We serve one another and our customers with urgency rather than to delay or procrastinate
- ◆ We conduct business with absolute Integrity, and we are accountable for our decisions and actions – we do so without excuse and regardless of the cost
- ◆ We give our employees every opportunity to succeed based on their ability and initiative
- ◆ We create a work environment that allows our employees to balance their personal and professional lives
- ◆ We believe Profit is a healthy and constructive reward for individual and corporate efforts, that fuels the growth that creates opportunity for employees, and is necessary for the company's long-term prosperity
- ◆ We are, and will continue to be, active members of our Community, corporately and professionally, and will support cultural, civic and charitable organizations
